## PUT OUT OF ACTION

RUSSIAN CRUISER REPORTED TO HAVE BEEN DISABLED BY JAPANESE WARSHIPS.

### FIGHT OCCURRED SATURDAY

THREE JAP VESSELS CRIPPLED  
RUSSIAN SHIP IN CLASH  
OFF KAMRANH BAY.

Tokio, April 25.—Two Japanese torpedo boats, accompanied by a cruiser scout, were fired upon by Rojstvensky's ships Saturday off Kamranh bay. The fire was returned, and one Russian vessel, believed to have been a cruiser, was disabled. The Japanese vessels then retired.

The governor of Hainan island has wired the Chinese government that the Baltic fleet, consisting of twenty-eight vessels, is taking coal off the coast of Hainan. It is stated at Hongkong that the third Russian (Nebogatoff's) squadron will join the Baltic fleet about Friday and that the Russians will make a prolonged stay at Hainan island.

Japan is vigorously protesting against the preparations for flight from Shanghai of the Russian protected cruiser Askold. There are now fifty-three ships altogether in the two Russian squadrons, and it is believed Admiral Rojstvensky will avoid battle until a combination is made and the vessels all victualled.

Admiral Togo has instruction to "move on the enemy without delay," however, and it is hoped here that he will bring about a battle within the next forty-eight hours.

### WITHOUT ANY INFORMATION.

Russian Admiralty Has No News of Rojstvensky's Plans.

St. Petersburg, April 25.—The admiralty professes to have no information as to whether or no Vice Admiral Rojstvensky is waiting for Nebogatoff's reinforcing detachment.

The admiralty says the matter is entirely in Rojstvensky's hands. Naval men, however, are not inclined as hitherto to anticipate a junction of Nebogatoff with Rojstvensky. They suggest that the transport fleet may be left to the care of the slow but powerful ships of Nebogatoff's division, while Rojstvensky tries conclusions with Togo.

### NO TRUTH IN ANNOUNCEMENT.

Rojstvensky Not Ordered to Leave Territorial Waters by France.

St. Petersburg, April 24.—The official telegraph agency published the following note:

"We are in a position to assert that there is no truth in the announcement issued by the Tokio foreign office concerning Rojstvensky's fleet. The French governor general of Indo-China addressed no request to the Russian government nor was any demand made upon Rojstvensky to leave territorial waters, as he doubtless most punctiliously observed all the rules of neutrality."

### THE BEEF TRUST INQUIRY.

Grand Jury Completes Examination Into Aetna Company's Operations.

Chicago, April 25.—The federal grand jury, which is investigating the business transactions of the beef industry, during the day completed its examination, for a time, into the operations of the Aetna Trading company and the remaining witnesses subpoenaed to tell what they knew of this concern were excused. The jurors will now take up the testimony of witnesses who are employed by the packers. One of the most important of these witnesses will be Mrs. Mary E. Marcey, author and stenographer, who was subpoenaed from Kansas City. She will, it is said, produce documentary evidence which she secured while gathering material to write stories concerning the packing industry.

District Attorney Morrison says that the jury will continue its investigation of the beef industry until April 29, when the matter will be dropped until May 2, in order to investigate some other matters. No indictments on the main issue will be voted until after May 2.

### Held to the Grand Jury.

St. Paul, April 25.—William Williams, who shot Mrs. J. Keller and her sixteen-year-old son Johnny at flat No. 1, Reid's court, on the night of April 12, was arraigned in police court during the morning on the charge of murder. He was bound to the grand jury by Judge Hine. Both Williams' victims died as a result of their wounds, but the murderer was only charged with the killing of the boy.

### TWO SERVANTS KILLED.

Mystery Surrounds Double Tragedy in Philadelphia.

Philadelphia, April 25.—A tragedy, the mystery surrounding which the police are having difficulty in unraveling, was discovered in the Old Forney mansion at No. 618 South Washington square at night when the bodies of two servants were found in the kitchen. The mansion was the residence of Colonel John W. Forney, the deceased publisher and editor, and is at present occupied by his daughter, Miss Tillie May Forney. The dead servants are Margaret Turner, aged fifty, who had been the cook for Miss Forney for twenty years, and Lawrence Barnes, colored, aged thirty, who was employed as a butler.

Miss Forney was the first to learn of the affair. The servants failed to send her the evening papers and thinking it strange, she made an investigation. In the kitchen she found the cook lying on a settee and the butler sitting on a chair with his head resting on a table. Each had a bullet in the right temple. The woman was dead, but the negro was alive, though unconscious. A revolver with two exploded cartridges in its chambers was found on the floor. The butler was conveyed to a hospital, where he died three hours later.

### JUDGE A. M. THAYER DEAD.

Gained National Reputation by Writing Opinion in Securities Case.

St. Louis, April 25.—Amos Madden Thayer, United States circuit judge of the Eighth judicial circuit, who gained a national reputation by writing the opinion of the United States circuit court of appeals in the Northern Securities case, died at his residence here at night after an illness of four months. Judge Thayer was born in Mina, N. Y., in 1841. He was educated at Hamilton college.

Judge Thayer was appointed United States district judge for the Eastern district of Missouri by President Cleveland in 1887 and in 1894 he was appointed by President Cleveland to the United States circuit bench.

### IMPORTANT EVIDENCE

THE STATE TO FURNISH DAMAGING TESTIMONY AGAINST DR. G. R. KOCH.

Mankato, Minn., April 25.—The state disclosed its hand during the day in the Koch case, and it was a stronger one than it had at New Ulm on the first trial of this celebrated case. It has witnesses now that it did not have then and who are of first importance in helping to fasten the crime of the murder of Dr. Gebhard on Dr. Koch. As General Childs outlined the matter, the state has strengthened its case at three important points.

A witness has been found who claims she saw Koch enter his office between 9 and 9:30 the night of the murder, go to the corner of the room where he kept a hammer that tallies exactly with the one found at the scene of the murder, strike a light, apparently take the hammer down and put it in his pocket and then put the light out. It is then presumed he went across to the barber shop, waited till the way was clear and went up to Gebhard's office.

This hammer is to be identified by the scrubwoman who cleaned Koch's office shortly before the murder.

The third point newly developed by the state involves the route taken by the murderer after leaving the Gebhard premises. Mrs. Dahm will testify that some party a few moments before 10 ran through her yard toward the Koch residence, using the private gate and path often used by the Koch family, as the Dahms are tenants of the Kochs. Fresh blood was found on the gatepost in the morning where none had been before. This is the most direct road from Gebhard's office to the Koch dwelling.

The jury was completed during the day, and General Childs made his opening argument to the jury. The taking of evidence will now begin.

### DECLINES TEN POINTS.

Northern Securities Continues Downward Plunge.

New York, April 25.—Northern Securities took another headlong plunge during the day in Wall street, declining 10½ points, to 155.

Hardly more than a week ago the stock was selling at 185, the highest it ever reached.

Coincident with the slaughter of Northern Securities Northern Pacific made its advent on the market and was hammered mercilessly.

### Three Men Badly Burned.

Pensacola, Fla., April 25.—"Flare-back," or explosion of gases in a gun, on the battleship Maine recently caused the injury of three men on that vessel. The "flare-back" occurred while the vessel was on the target range, badly burning three men in one of the turrets.

## DROP IN MAY WHEAT

PRICE OF THE CEREAL DECLINES  
OVER SEVEN CENTS ON CHICAGO MARKET.

### DEMONSTRATIONS IN THE PIT

RECESSION FROM THE DOLLAR  
MARK WAS BOTH RAPID AND SPECTACULAR.

Chicago, April 25.—Remnants of the famous Gates line of May wheat were thrown upon an unsupported market on the board of trade here Monday, adding a further decline of 7½¢ to the sensational 11½¢ break of Saturday. This recession from the dollar mark, the last price of the previous session, was rapid and spectacular and was accompanied by demonstrations in the pit almost equal to those of Saturday. When the final bell closed the day's operations, May wheat was being offered at 92¢, a net loss of 7¢ on the day's trading. First trades on the May option Monday ranged from 96¢ to 98¢. P. A. Valentine of Armour & Co. was seemingly giving the market heroic support. His best efforts, however, availed little in the way of a rally, the only effect being a temporary check to the downward plunge of prices. The trade appeared to suspect Armour of wishing to bolster up prices. In order to make a market for the remainder of the Gates line of May wheat. From all sides wheat was offered in overwhelming volumes. When it was found that support was useless, "clique" houses unloaded on the sinking market holdings estimated at several million bushels. The price was hammered to 95¢ within the first hour. Before midday 92½¢ was reached. Meantime a new fear had taken possession of the traders in general. Many operators had bought largely of July wheat because Armour was said to have taken 6,000,000 bushels of July delivery during the closing days of last week. These operators to all appearance suddenly detected a movement on the part of the bull leaders to get out of the July option. This caused a bear raid on the more distant options, followed by a 2¢ decline, the price of July dropping from 86¼¢ to 84¼¢.

This weakening in July was regarded with more concern by a large element in the trade than was the day's crash in May values. During the last hour of trading the market held comparatively steady, demand being of good character. Armour & Co. were accredited with heavy purchases of both May and July wheat. Pit traders in general also bought freely, the opinion being quite universally expressed that the price of the May delivery had now reached a firm footing. The market closed steady with May at 92¢, 134½¢.

quotations on July were at 84¼¢, a net loss of 2 cents.

### ON THE VERGE OF COLLAPSE.

Miss Nan Patterson Becomes Faint During Her Trial.

New York, April 25.—The third trial of Nan Patterson, accused of the murder of Caesar Young, the book-maker, begun in earnest during the day before Recorder Goff in the court of general sessions. Confident and almost smiling in the previous ordeals, the former show girl is now on the verge of collapse. She became faint at the close of the morning session, necessitating a hurried adjournment of the court, but had revived considerably when the afternoon session began.

The feature of the day's proceedings was the opening address of Assistant District Attorney Rand, in which he outlined what the prosecution intended to prove. He declared that Young never carried a pistol and that the revolver that killed Young was bought by Joseph Morgan Smith, the brother-in-law of Nan Patterson. Mr. Rand announced that he would prove by sworn evidence that "during the year Young maintained Nan Patterson he spent \$50,000 on her;" that Nan Patterson and the Smiths entered into the alleged conspiracy to prevent Young from leaving this country and to avoid cutting off their enjoyment of his money. Young, he continued, acted as one marked for slaughter from the time he received the alleged threatening letter in which, it is stated, Julia Smith, Nan Patterson's sister, wrote Young "unless you do see Nan I cannot answer for the consequences."

The Smiths were present during part of the proceedings.

The Smiths' petition to compel District Attorney Jerome to give up letters obtained from them by a detective in Cincinnati was denied during the day by Judge Gaynor.

## CONGRESSMAN KILLED

JOHN M. PINCKNEY, HIS BROTHER AND ANOTHER MAN SLAIN AT HEMPSTEAD, TEX.

Hempstead, Tex., April 25.—Bitter feeling over the prohibition question, which has been felt for several years throughout the county, ended in bloodshed at night. At a mass meeting called for the purpose of petitioning the governor to send rangers to enforce the local option law, J. N. Brown, a leading lawyer and a staunch anti-Prohibitionist, began shooting. In an instant the shooting became general. Three men were killed, one man was fatally injured and two others seriously wounded. The dead are:

J. N. Brown, Congressman John M. Pinckney, and Tom Pinckney, brother of the congressman.

John Mills, a leading Prohibitionist, it is feared, cannot survive the night. Armed men parade the street. Excitement is at fever heat. The governor has been notified and rangers are now on the way.

The night's affray may be traced chiefly to the recent election in which the anti-Prohibitionists suffered defeat. Since this election the county has been divided into factions.

### CALL OFF THEIR STRIKE.

Chicago, April 25.—The teamsters at night called off their strike against Montgomery Ward & Co. Refusal of the garment workers, in aid of whom the teamsters went on strike, to be parties to a fight against only one firm when they had grievances against a number, led to a disruption of the committee managing the strike and the collapse of the struggle.

## Weather

Forecast—Generally fair.

Temperature (Record kept by Dr. J. L. Camp for 45 hours ending at 3 o'clock this afternoon)—Maximum 40 above zero; minimum 72 above zero.

The woes of the public these days are truly great with both the Koch and Nan Patterson trials to bear with.

With this issue we distribute to our readers a copy of the laws passed at the recent session of the legislature. It would be well if all citizens looked them over carefully that they may have knowledge of the change in the laws on the subjects covered.

TEN THOUSAND immigrants arrived in New York in one day last week, the largest on record, and most of them were undesirable. More stringent immigration laws must be passed soon or the country will be overflowed and our institutions imperiled by these ignorant and pauper hordes.

The reward for the capture of the brutal murderers of Miss Kintop, which occurred near Little Falls recently, will be increased to \$1,000 by Governor Johnson. Every possible effort should be made to apprehend the inhuman fiends and mighty short work should be made of them.

The president of the First National Bank of Milwaukee is a defaulter to the amount of a million and a half. The depositors, however, will not lose anything as the wealthy stockholders have

## Of Interest to Bicycle Riders

It looks now as though the enthusiasm of the bicycle riders is about to be restored in Brainerd as well as elsewhere; the records from all over the country showing increased sales and riders. A. L. Hoffman & Co., sold six wheels last Saturday. We are sure of good paths this year as R. D. King will act as superintendent and all riders know that he built the only good paths we ever had in the city. Reports from other cities are that the old riders are rummaging their attics and sheds and polishing up their old wheels to get ready for the finest recreation on earth. If you will dig up your old wheel and telephone to Hoffman, he will send for it, fix it up and return it charged you as moderate a price as first class work will admit of.

The bicycle license tags have arrived and will be on sale at the usual places. The price will be 50 cts. each, and work will commence on the path at once.

A. L. Hoffman & Co., handle the old reliable lines. The Columbia, Rambler, Imperial, White Flyers and Bander. Prices range from fifteen to one hundred dollars, for cash or on easy monthly payments.

If you do not own a wheel, Hoffman will rent you a first class Chainless Bicycle, at as low a rate as charged by other places for old skates.

## GEORGE RAPPEL TOOK POISON

A telephone message was received this afternoon by Dr. O. T. Batcheller that George Rappel, of East Brainerd, had made an attempt to take his life this afternoon by taking poison. Dr. Batcheller could not go over and Dr. Nicholson went over at once, but at the time of going to press no word had been received regarding the man's condition.

George Trent left yesterday morning for South Dakota, where he will look around for a location. The office of Edwards Wood & Co., which he has been operating here for some time past, has been closed. The company did not think it a paying proposition.—Todd Co. Argus.

They have spent the year on a claim in the wilds of Itasca county. Mr. Torrens will put in some time during the summer for Dodd Mead and company in the interests of the International cyclopaedia.—Wabasha Herald.

## Concerning Subscriptions.

There seems to be a misapprehension on the part of some as regards the subscription rates on THE DAILY DISPATCH. The rate of \$4 a year or \$1 for three months, is an advance rate and placed thereon in order to save the expense of collection and avoid the loss of accounts. Some, however, seem to think that they can pay at the end of the year and are then entitled to the paper for \$4. A moment's thought will show that such a course is simply putting a premium on not paying and would if permitted result in the loss to us of many accounts of nearly or quite a year each. Parties wishing the yearly rate must pay in advance or promptly on the presentation of account by the collector. If

## CHECKING UP EQUIPMENT

Capt. Hatcher Herefrom Minneapolis to Check Up Company F Goods in this City

WILL SHIP STUFF TO ST. PAUL

It Has Not Been Decided Which City Will Get Company, Alexandria or Bemidji.

Capt. W. H. Hatcher, military storekeeper of the State of Minnesota, arrived in the city this noon and is spending the afternoon with Capt. Heffner of Company F. They are checking up the equipment of the company and all the stuff will be shipped to St. Paul where it will be kept until it is decided where the company will be located.

After this stuff is all checked up Company F will be mustered out and the affairs of the company in Brainerd wound up.

Capt. Hatcher is not sure where the company will go, to Alexandria or Bemidji. Both are bidding for the company and it is likely that there will be considerable pressure brought to bear by people from both the towns.

## A THOROUGH OVERHAULING

City Hotel is Being Renovated Thoroughly and it Will Present an Attractive Appearance

Landlord Sanborn of the City Hotel is having his popular hostelry entirely overhauled and renovated. The office or lobby part has been furnished with a new steel ceiling and the entire downstairs, dining room, office and restaurant will be repapered and the woodwork repainted. The rooms throughout the house are undergoing an overhauling and when the work is complete the hotel will be one of the most attractive places in the city.

## MUSIC AND DRAMA.

"UNCLE TOM'S CABIN."

Arrangements have been made to present the Stetson production of "Uncle Tom's Cabin" at the Brainerd opera house on Thursday, April 27. The popularity of Harriet Beecher Stowe's masterpiece all over the United States for the past forty years has led to its production by all kinds of managers with all kinds of actors, good, bad and indifferent. There is magic in the name of Uncle Tom. When produced with a proper cast, coupled with proper scenic and mechanical equipment, no such story of American life, prior to the great crisis in our national affairs, has ever been penned. The parade feature, the scenic investment, the choruses have been steadily added to. A corps of colored singers, cakewalkers, dancers and field hands from the cotton belt lend realism to the plantation scenes. Seat sale opens tomorrow.

"A ROYAL SLAVE."

"A Royal Slave," which has created an interest among playgoers for two seasons, will be seen at the Brainerd opera house next Saturday, April 29, with the same cast and scenic effects that have made it so conspicuous. It is seldom that the local playgoers of this country have such an opportunity of seeing anything in the amusement world so out of the ordinary.

"A LITTLE OUTCAST."

"A Little Outcast," which will be produced at the Brainerd opera house next Monday May 1, is a decided departure from the usual type of drama and is marked by novelty in construction and remarkable magnificence in mounting. The story is marked around the vicissitudes of a young bank clerk, and passes in swift action from the stately mansions to the crime infested districts of New York City. It is one of E. J. Carpenter's strongest productions. "A Little Outcast" has not been seen in Brainerd in two seasons.

DIXIE JUBILEE CONCERT.

Tomorrow evening, at eight, the famous Dixie Jubilee Concert company will give one of their charming, chaste and witty entertainments in the M. E. church under the auspices of the Epworth League. Proceeds in aid of the improvement fund. Twenty-five cents admission; no reserved seats. This is a low figure for a high class concert. Endorsed by bishops and laymen. Don't miss this treat caught on the wing.

## ATTORNEY POLK RECONSIDERED

Has Decided to Withdraw His  
Resignation as County At-  
torney of Crow Wing

PRESSURE BROUGHT TO BEAR

Did Not Wish to Shirk Duty and  
Other Matters Caused Him  
to Reconsider

County Attorney A. D. Polk will remain in the office to which he was elected until the expiration of his term, barring sickness or death. He has decided to reconsider his action in resigning at the last meeting of the county commissioners and this morning with one stroke of the pen scratched his name from the document filed with County Auditor Mahlum.

There are several reasons why Mr. Polk reconsidered his action. The most important was the strong pressure brought to bear by his many friends and influential citizens to reconsider. Then too it was thrown at him that he was afraid of the work ahead of him during the next month or so. It was also given out that Sheriff Erickson by his statement in the Arena that he could not get a warrant, etc., scared Mr. Polk out. These last two propositions, according to Mr. Polk, are the wildest kind of dreams and if there is anything that would influence him to retain his office and look after the interests of the county with renewed vigor it is just such statements.

Certainly Mr. Polk's determination not to permit the issuing of a warrant where there is no possible chance of conviction, meets with the approval of all taxpayers.

FOR SAFETY OF PATRONS

Brainerd Opera House Provided With a  
New System of Lights About Exits  
in Case of Fire.

Supt. Peterson and his corps of men have just installed a new system of lights in the Brainerd opera house for the safety of the patrons in case of fire. An entirely independent circuit has been put in and red lights placed over each door or exit. Should anything happen in the way of fire or any other calamity and should the switch on the stage burn out these lights would be on and would show the way to the exits. In fact these lights will always be on; they cannot be turned off. There are about ten lights in places where they will do the most good.

The Park Opera House association overlooks nothing that will add to the safety of the patrons of the house and the management is working in harmony with the association to this end. It is felt that nothing hardly can be added to improve the conditions about the house both for comfort and safety of patrons, but at any time if anything arises the Brainerd opera house will be kept up to the standard and will keep pace with houses in cities twice the size of Brainerd.

## WERE NOT THE MEN

Negroes Held at Cloquet Not The Mur-  
derers of Annie Kintop as Was  
First Thought

The two negro suspects, held at Cloquet for the murder of Annie Kintop, have been released, officials from Little Falls finding they are not the murderers. Waseca sends a report that it is holding a strange negro on suspicion, but it is not believed here that the arrest is important.

Citizens of Little Falls will ask Governor Johnson to increase the state's reward to \$1,000 and the county commissioners may offer another \$1,000.

The tall negro suspected of the murder had a long scar on the side of his face, it has been learned, and should be easily identified. It is said he once lived in Minneapolis and had a bad reputation there.

Joe Kintop was in the city yesterday afternoon.

The Slipp-Gruenhagen company are making preparations to commence work on the lateral sewers the last of this week or the first of next. The frost has been very slow in going out this spring which has delayed matters considerably, but it is pretty well out now and they are rushing their other work to be in readiness to put a full force on the laterals in a few days. Once the work is commenced it will be pushed as rapidly as possible.

## Busy At Walker

The district court of Cass county is still in session. The grand jury has been discharged, after returning fifteen indictments and passing resolutions calling for the closing up of the resorts on "whisky row" in Cass Lake. Fred Hogan, charged with grand larceny in the second degree, entered a plea of guilty and was given two years. Peter McCue and Herbert Ryan were each sentenced to six months in the county jail for receiving stolen property. James Kennedy was sentenced to forty days in the county jail for larceny. There were few civil cases for trial. The case of Belle Bates vs. the M. & I. Railway company was dismissed. Several criminal cases remain to be tried, including the case against William J. Doyle, charged with assault in the first degree.

## CAUGHT OUT IN MONTANA

Two Men Captured in Montana  
Answering the Description of  
Kintop Murderers

ONE MAN MADE HIS ESCAPE

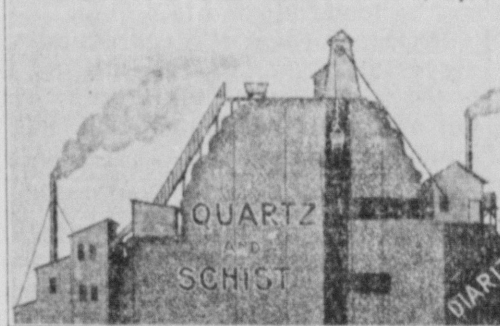

Big One Retained Has Large Scar  
on His Face Similar to One  
Described

Joseph Kintop, brother of the late Annie Kintop, who was so brutally murdered near Darling on the cut-off a week or so ago, is in the city today and he feels quite confident that the two colored men wanted have been captured in Montana. Just before he left Little Falls yesterday Sheriff Tanner received a telegram from Montana stating that two men had been arrested, one small man and one large man, and that the small man got away. The reason that Mr. Kintop is so confident that the right parties were apprehended in Montana is the fact that the big man has a scar on his face, which is identical with the one which was on the big coon seen near Darling about the time of the murder. The fact that the little man made his escape also substantiates this theory.

Mr. Kintop will not rest until the slayers of his sister are brought to justice. He says he will go to the end of the earth to get them and will devote his life and all that he has to accomplish this end. The description of the body as found by the brother and other details in connection with the murder and assault are most appalling.

SHAKESPEARE GOLD MINE, ONT.

PURCHASES THE YOUNGS' LAKE MINING PROPERTY  
Peter Primeau, Representing Duluth and Pittsburg Capitalists, Buys Valuable Tract

Special Dispatch to the Minneapolis Times.

Sault Ste. Marie, Mich., April 14—Peter Primeau has just closed a deal for the property of the Youngs Lake Mining company, adjoining the famous Shakespeare mine, 125 miles from the Soo on the Canadian side. Primeau is from Duluth and represents Duluth and Pittsburg capitalists whose names will not be given until all signatures to the papers have been secured.

The purchase price is \$25,000. The company will expend \$20,000 at once in development work. A mining company is to be organized in Canada to develop the mine which has indications of a large deposit of a yellow metal. It is stated that all the men interested are experienced mine owners with unlimited capital.

The new gold field is attracting increased attention and many new mining deals are in the air. Much prospecting is to be done during the coming summer.

## NORTHERN LEAGUE

Spike Anderson and his Grand Forks Northern league recruits were out yesterday afternoon for the first time this season at Hamline university campus. Anderson has been coaching the Hamline boys and his team will be given a fine opportunity to get in condition with the college team. He has a good list of players and no doubt will develop a strong team. The team will play regular practice games with the Hamline team and will play the first hard game of the season with the Stillwater team next Sunday.

These last two propositions, according to Mr. Polk, are the wildest kind of dreams and if there is anything that would influence him to retain his office and look after the interests of the county with renewed vigor it is just such statements.

Certainly Mr. Polk's determination not to permit the issuing of a warrant where there is no possible chance of conviction, meets with the approval of all taxpayers.

### FOR SAFETY OF PATRONS

Brainerd Opera House Provided With a New System of Lights About Exits in Case of Fire.

Supt. Peterson and his corps of men have just installed a new system of lights in the Brainerd opera house for the safety of the patrons in case of fire. An entirely independent circuit has been put in and red lights placed over each door or exit. Should anything happen in the way of fire or any other calamity and should the switch on the stage burn out these lights would be on and would show the way to the exits. In fact these lights will always be on; they cannot be turned off. There are about ten lights in places where they will do the most good.

The Park Opera House association overlooks nothing that will add to the safety of the patrons of the house and the management is working in harmony with the association to this end. It is felt that nothing hardly can be added to improve the conditions about the house both for comfort and safety of patrons, but at any time if anything arises the Brainerd opera house will be kept up to the standard and will keep pace with houses in cities twice the size of Brainerd.

## WERE NOT THE MEN

Negroes Held at Cloquet Not The Murderers of Annie Kintop as Was First Thought

The two negro suspects, held at Cloquet for the murder of Annie Kintop, have been released, officials from Little Falls finding they are not the murderers. Waseca sends a report that it is holding a strange negro on suspicion, but it is not believed here that the arrest is important.

Citizens of Little Falls will ask Governor Johnson to increase the state's reward to \$1,000 and the county commissioners may offer another \$1,000.

The tall negro suspected of the murder had a long scar on the side of his face, it has been learned, and should be easily identified. It is said he once lived in Minneapolis and had a bad reputation there.

Joe Kintop was in the city yesterday afternoon.

### Busy At Walker

The district court of Cass county is still in session. The grand jury has been discharged, after returning fifteen indictments and passing resolutions calling for the closing up of the resorts on "whisky row" in Cass Lake. Fred Hogan, charged with grand larceny in the second degree, entered a plea of guilty and was given two years. Peter McCue and Herbert Ryan were each sentenced to six months in the county jail for receiving stolen property. James Kennedy was sentenced to forty days in the county jail for larceny.

There were few civil cases for trial. The case of Belle Bates vs. the M. & I. Railway company was dismissed. Several criminal cases remain to be tried, including the case against William J. Doyle, charged with assault in the first degree.

## CAUGHT OUT IN MONTANA

Two Men Captured in Montana Answering the Description of Kintop Murderers

### ONE MAN MADE HIS ESCAPE

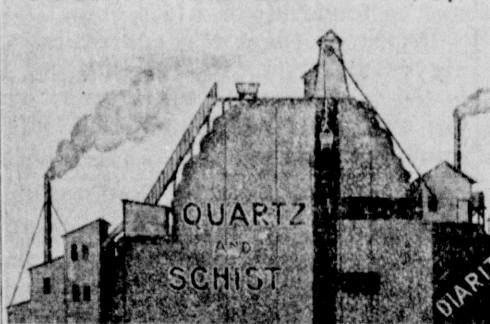

Big One Retained Has Large Scar on His Face Similar to One Described

Joseph Kintop, brother of the late Annie Kintop, who was so brutally murdered near Darling on the cut-off a week or so ago, is in the city today and he feels quite confident that the two colored men wanted have been captured in Montana. Just before he left Little Falls yesterday Sheriff Tanner received a telegram from Montana stating that two men had been arrested, one small man and one large man, and that the small man got away. The reason that Mr. Kintop is so confident that the right parties were apprehended in Montana is the fact that the big man has a scar on his face, which is identical with the one which was on the big coon seen near Darling about the time of the murder. The fact that the little man made his escape also substantiates this theory.

Mr. Kintop will not rest until the slayers of his sister are brought to justice. He says he will go to the end of the earth to get them and will devote his life and all that he has to accomplish this end. The description of the body as found by the brother and other details in connection with the murder and assault are most appalling.

### LOST MONEY SPECULATING

#### ABOUT FIFTEEN HUNDRED THOUSAND DOLLARS OF BANK'S FUNDS DISSIPATED.

Milwaukee, April 25.—Frank G. Bigelow, until Monday president of the First National bank of Milwaukee, was arrested during the day charged with the embezzlement of \$100,000 of the bank's funds.

President Bigelow was taken before United States Court Commissioner Bloodgood at night. He waived examination and was held to the federal grand jury under \$25,000 bond. Dr. Horace M. Brown and Arthur McGeech certified as surities and Mr. Bigelow was released. The next federal grand jury has not yet been summoned, but it is expected it will meet some time next month.

The arrest of Mr. Bigelow followed his confession to the board of directors of the bank that he was a defaulter to the extent of \$1,450,000.

Following Mr. Bigelow's confession he was removed from the presidency of the bank and the facts in the case were laid before the federal authorities.

The complaint was sworn to by United States District Attorney H. K. Butterfield. It charges that Bigelow, as president of the First National bank, embezzled a sum exceeding \$100,000.

A complaint and warrant identical with those in Bigelow's case were made out for Henry G. Goll, assistant cashier of the bank, but Goll could not be found up to a late hour.

President Bigelow's confession was made at a special meeting of the board of directors held Saturday evening and continued Sunday and all of Sunday night.

**President Bigelow Confesses.**

In addressing his fellow directors President Bigelow said he had a painful statement to make—a confession that he had misdirected the funds of the bank and that an examination of his books and a comparison of figures would show that he was indebted to the bank to the amount of over \$1,450,000. This money, he said, had been lost in speculation in wheat and stocks. Not a dollar of it could be recovered and the only sum he could offer toward recompensing the bank was personal property valued at approximately \$300,000.

The confession of President Bigelow astounded the directors of the bank. Mr. Bigelow has been recognized as one of the foremost financiers of the Northwest. He has been associated with the First National bank in various capacities for more than fifteen years and his business connections—trust companies, manufacturing concerns, real estate deals and other similar ventures, number scores.

He was honored a year ago by election to the presidency of the American Bankers' association and by its members was looked upon as a leader in financial matters.

In making his statement to the directors of the bank, Mr. Bigelow said he had become involved in speculation several months ago. This was on Wall street. More recently he had been a persistent bull in the wheat market and recent loss there had added to his heavy losses on Wall street. From small manipulations of the bank's funds he had extended the defalcations until his shortage had reached the present stage. He saw no opportunity or possibility of making up the amount and therefore confessed.

**Stormy Meeting of Directors.**

It is stated that the meeting of the directors, which was almost continuous for thirty-six hours, was stormy at times. Several plans were suggested for protecting the interests of the bank. One was to accept the resignation of the president, permit him to go to Europe and the directors make good the amount of his shortage. This would effectually protect the bank. The proposal met with determined opposition from directors who demanded that the defaulter be punished. The plan to make up the shortage was then approved. Bigelow was removed from the presidency of the bank and the case was referred to the federal authorities.

Mr. Bigelow was arrested in his library in the presence of his wife. He kissed his wife an affectionate farewell and left with the officer, the two walking to the federal building where a court commissioner was in waiting. None of Mr. Bigelow's friends were in the courtroom during the brief proceedings.

When the resolution was adopted removing Mr. Bigelow from the presidency, Mr. Goll, the assistant cashier, was also removed. The removal of the assistant cashier was due to the statement of President Bigelow that he was aided by Goll in concealing the shortage in the bank's accounts. The method adopted was an old one. Collection accounts were manipulated to the extent of 40 and in some instances 50 per cent, to make it appear that the reserve fund was intact and the amount of the increase in the col-

lection fund was devoted to stock operations. The reserve maintained in Eastern banks was tampered with, the books of the First National being fixed so that the reserve appeared to be larger by several hundreds of thousands of dollars than it really was. These and other methods were pursued by Bigelow in looting the bank.

In the falsifying of records and the manipulation of the reserves Bigelow declares he was aided by Assistant Cashier Goll and two bookkeepers in the bank. These bookkeepers acted on the orders of Bigelow and they have neither been discharged nor suspended and they will be called as witnesses in the criminal proceedings against Bigelow.

The manipulation of accounts has been going on for months, according to the statement of one of the directors, but so cleverly was the work done that neither the directors nor the national bank examiners were able to discover the fact that anything was wrong with the funds of the bank. The first intimation that there were irregularities came to Charles Pfister, one of the directors, Friday evening.

**Bank Employee Started Investigation.**

An employee of the bank called at Mr. Pfister's home and told him he had something to reveal regarding the bank. While his information was meagre it was sufficient to awaken the suspicions of Mr. Pfister and to start an investigation. President Bigelow was taxed with the irregularities, and he is said to have admitted his guilt. Then followed the meeting of the directors and the full confession.

As soon as the directors ascertained the full extent of the peculations, steps were taken to protect the depositors and other creditors. Charles F. Pfister subscribed \$600,000 to a fund to make good the surplus; John L. Beggs gave \$300,000; William Bigelow, a brother of the president, gave \$100,000, and other directors subscribed lesser sums until the amount reached \$1,635,000.

President Bigelow's defalcations amount to about \$1,450,000, but he restored \$300,000. The directors have subscribed \$1,635,000 more, thus leaving the bank better off by about \$400,000 than it was before the funds were depleted by the peculations of the president.

Bigelow himself is left a poor man by his speculations and the surrender of the securities to the bank. At one time he was personally rated as a millionaire and this fortune has been lost, as well as the sum taken from the bank.

**Lost Over Three Million Dollars.**

His total losses in speculation of various kinds in two years are estimated by his friends at upwards of \$3,000,000.

The bank prepared for the run that was expected when the news of the defalcation became known. Chicago banks furnished \$1,000,000 and several hundreds of thousands of dollars were subscribed by local banks. The bank paid out nearly \$1,000,000 and when it closed for the day 2,000 depositors were still clamoring for their money. The city treasurer was among those withdrawing deposits.

While many depositors were seeking to withdraw their funds, other people who believe in the soundness of the bank were coming forward with deposits, and when the bank closed two long lines of people were waiting, one to withdraw and the other to deposit funds. While the bank could not honor checks after closing hours, it could receive deposits, and a hole was cut in the plate glass window on Wisconsin street and receiving tellers took deposits there until a late hour in the evening.

Another run on the bank is expected when it opens for business in the morning. Funds to meet it are on the way from New York city.

Believed to Have Perished in West Virginia Mine.

Kayford, W. Va., April 24.—A mine explosion in the Cabin Creek Mining company's mines during the day may result in the death of five miners and the fatal injury of three others.

It was only one month ago that a similar disaster snuffed out the lives of twenty men at Rush Run, near the scene of this catastrophe. The disaster is believed to have been caused by a powder explosion, the result of a miner's carelessness.

Shortly after 5 o'clock, after many of the men had left the mine, there was a sharp report followed by an explosion which threw the debris in all directions. The tipples took fire and were soon a mass of flames.

Nine men were still within the mine when the explosion occurred. Of these four by sheer pluck managed to extricate themselves from the flying debris and reached safety with the assistance of friends. Three of the number were so badly injured that they are not expected to live. The remaining five men were still entombed at a late hour. It is believed they are dead, as they were at least 2,000 feet below the surface when the explosion took place.

PRESIDENT OF THE FIRST NATIONAL BANK OF MILWAUKEE

LOOTS INSTITUTION.

### LOST MONEY SPECULATING

ABOUT FIFTEEN HUNDRED THOUSAND DOLLARS OF BANK'S FUNDS DISSIPATED.

Milwaukee, April 25.—Frank G. Bigelow, until Monday president of the First National bank of Milwaukee, was arrested during the day charged with the embezzlement of \$100,000 of the bank's funds.

President Bigelow was taken before United States Court Commissioner Bloodgood at night. He waived examination and was held to the federal grand jury under \$25,000 bond. Dr. Horace M. Brown and Arthur McGeech certified as surities and Mr. Bigelow was released. The next federal grand jury has not yet been summoned, but it is expected it will meet some time next month.

The arrest of Mr. Bigelow followed his confession to the board of directors of the bank that he was a defaulter to the extent of \$1,450,000.

Following Mr. Bigelow's confession he was removed from the presidency of the bank and the facts in the case were laid before the federal authorities.

The complaint was sworn to by United States District Attorney H. K. Butterfield. It charges that Bigelow, as president of the First National bank, embezzled a sum exceeding \$1,000,000.

A complaint and warrant identical with those in Bigelow's case were made out for Henry G. Goll, assistant cashier of the bank, but Goll could not be found up to a late hour.

President Bigelow's confession was made at a special meeting of the board of directors held Saturday evening and continued Sunday and all of Sunday night.

#### President Bigelow Confesses.

In addressing his fellow directors President Bigelow said he had a painful statement to make—a confession that he had misdirected the funds of the bank and that an examination of his books and a comparison of figures would show that he was indebted to the bank to the amount of over \$1,450,000. This money, he said, had been lost in speculation in wheat and stocks. Not a dollar of it could be recovered and the only sum he could offer toward recompensing the bank was personal property valued at approximately \$300,000.

The confession of President Bigelow astounded the directors of the bank. Mr. Bigelow has been recognized as one of the foremost financiers of the Northwest. He has been associated with the First National bank in various capacities for more than fifteen years and his business connections—trust companies, manufacturing concerns, real estate deals and other similar ventures, number scores.

He was honored a year ago by election to the presidency of the American Bankers' association and by its members was looked upon as a leader in financial matters.

In making his statement to the directors of the bank, Mr. Bigelow said he had become involved in speculation several months ago. This was on Wall street. More recently he had been a persistent bull in the wheat market and recent loss there had added to his heavy losses on Wall street. From small manipulations of the bank's funds he had extended the defalcations until his shortage had reached the present stage. He saw no opportunity or possibility of making up the amount and therefore confessed.

#### Stormy Meeting of Directors.

It is stated that the meeting of the directors, which was almost continuous for thirty-six hours, was stormy at times. Several plans were suggested for protecting the interests of the bank. One was to accept the resignation of the president, permit him to go to Europe and the directors make good the amount of his shortage. This would effectually protect the bank. The proposal met with determined opposition from directors who demanded that the defaulter be punished. The plan to make up the shortage was then approved. Bigelow was removed from the presidency of the bank and the case was referred to the federal authorities.

Mr. Bigelow was arrested in his library in the presence of his wife. He kissed his wife an affectionate farewell and left with the officer, the two walking to the federal building where a court commissioner was in waiting. None of Mr. Bigelow's friends were in the courtroom during the brief proceedings.

When the resolution was adopted removing Mr. Bigelow from the presidency, Mr. Goll, the assistant cashier, was also removed. The removal of the assistant cashier was due to the statement of President Bigelow that he was aided by Goll in concealing the shortage in the bank's accounts. The method adopted was an old one. Collection accounts were manipulated to the extent of 40 and in some instances 50 per cent, to make it appear that the reserve fund was intact and the amount of the increase in the col-

lection fund was devoted to stock operations. The reserve maintained in Eastern banks was tampered with, the books of the First National being fixed so that the reserve appeared to be larger by several hundreds of thousands of dollars than it really was. These and other methods were pursued by Bigelow in looting the bank.

In the falsifying of records and the manipulation of the reserves Bigelow declares he was aided by Assistant Cashier Goll and two bookkeepers in the bank. These bookkeepers acted on the orders of Bigelow and they have neither been discharged nor suspended and they will be called as witnesses in the criminal proceedings against Bigelow.

The manipulation of accounts has been going on for months, according to the statement of one of the directors, but so cleverly was the work done that neither the directors nor the national bank examiners were able to discover the fact that anything was wrong with the funds of the bank. The first intimation that there were irregularities came to Charles Pfister, one of the directors, Friday evening.

Bank Employee Started Investigation.

An employee of the bank called at Mr. Pfister's home and told him he had something to reveal regarding the bank. While his information was meagre it was sufficient to awaken the suspicions of Mr. Pfister and to start an investigation. President Bigelow was taxed with the irregularities, and he is said to have admitted his guilt. Then followed the meeting of the directors and the full confession.

As soon as the directors ascertained the full extent of the peculations, steps were taken to protect the depositors and other creditors. Charles F. Pfister subscribed \$600,000 to a fund to make good the surplus; John I. Beggs gave \$300,000; William Bigelow, a brother of the president, gave \$100,000, and other directors subscribed lesser sums until the amount reached \$1,635,000.

President Bigelow's defalcations amount to about \$1,450,000, but he restored \$300,000. The directors have subscribed \$1,635,000 more, thus leaving the bank better off by about \$400,000 than it was before the funds were depleted by the peculations of the president.

Bigelow himself is left a poor man by his speculations and the surrender of the securities to the bank. At one time he was personally rated as a millionaire and this fortune has been lost, as well as the sum taken from the bank.

#### Lost Over Three Million Dollars.

His total losses in speculation of various kinds in two years are estimated by his friends at upwards of \$3,000,000.

The bank prepared for the run that was expected when the news of the defalcation became known. Chicago banks furnished \$1,000,000 and several hundreds of thousands of dollars were subscribed by local banks. The bank paid out nearly \$1,000,000 and when it closed for the day 2,000 depositors were still clamoring for their money. The city treasurer was among those withdrawing deposits.

While many depositors were seeking to withdraw their funds, other people who believe in the soundness of the bank were coming forward with deposits, and when the bank closed two long lines of people were waiting, one to withdraw and the other to deposit funds. While the bank could not honor checks after closing hours, it could receive deposits, and a hole was cut in the plate glass window on Wisconsin street and receiving tellers took deposits there until a late hour in the evening.

Another run on the bank is expected when it opens for business in the morning. Funds to meet it are on the way from New York city.
